Helping railway families through tough times

# RBF Calendar 2021 For the Love of UK Railways

The Covid-19 crisis has led us to realise, more than ever, just how important UK Railways are in our lives and to the country as a whole.

We want to celebrate this with some wonderful images for our 2021 calendar and we need your help to make this happen!

We love our railways for many reasons - they transport key workers to save lives, they deliver essential items around the country, we live near them, we work on them, we love traveling them, they are part of our family history and for many they are in our blood.

We are looking for images that represent your love of the railways – this could be a photograph taken on your daily walk, images showing dramatic scenery or something unusual, an old photograph when you worked on the railway or during a memorable day out. For those who work in rail today, it might capture a moment that makes it all worthwhile!

The RBF calendar is a crucial part of our fundraising and all proceeds go to support our Railway Family. We can't wait to see your images and share your stories and you never know it might be yours that ends up in print – what month will you be?

So, what are you waiting for? Get clicking and searching through your photograph collection!

Get your entries in before **Friday 19th June**.  
The calendar will be available to buy from **September 2020**.

The small print: Images must be in digital format and preferably high quality. They must be submitted by email to [fundraising@railwaybenefitfund.org.uk](mailto:fundraising@railwaybenefitfund.org.uk). You must own the rights to the image and agree that we have the rights to use in anyway which supports our calendar promotion and campaign. We will not be able to use every image submitted for the printed calendar but will profile as many as we can online. If your image is to be used for the printed calendar you will be notified directly in advance.
