

# Stay at Home Fundraising Ideas

## Get Active

### Run Or Walk

Are you a keen runner or walker looking for a 2021 challenge? You could aim to run or walk 18.58 miles, 185.8 km, or go as far as you can in 18:58 minutes. This could be every other day, once week or just as a one-off goal- the choice is yours!

### Get Cycling

Cycling is a great way to stay active- why not work as a team with your friends or colleagues and aim to cycle 1858 km collectively! Connect your Strava account to Just Giving to let others know your progress!

### Reps Challenge

Want to push yourself and get fit this year? Why not aim to complete 1858 reps of any exercise- be up press-ups, squats, or lunges- from now until Railway Family Week?

## Get Creative

### Virtual Bake Off

Are you an amateur baker or chef? You could host a virtual bake off or cookery challenge! Ask your friends and family to donate to join and set your goal to raise £18.58.

### Virtual Gig

Are you a talented musician? Why not host a virtual gig or karaoke night? Simply ask people to donate their entry fee to your fundraising page.

### Virtual Quiz

Have you perfected your quizmaster skills during lockdown? If so, host a virtual quiz night on the theme of 1858 and get your friends to donate to enter. If you need help getting started, visit our website to download our RBF quizzes.

## Get Inventive

Got a different idea for how you can raise money and take part in the 1858 challenge? We'd love to see what you come up with! If fundraising isn't your thing, why not donate the cost of your take out coffee or weekend takeaway instead to support the cause?
